

Cancellation and Rescheduled Events Policy

For The Cake Maker

My contract states that I have a \$50 nonrefundable deposit.

For any event that is rescheduled for the same venue that is listed on the contract to another date in the same calendar year no fee will incur for changing dates and the deposit will be good for the new date.

For any event that is rescheduled for a different venue that is not the original venue listed on the contract I will consider the event canceled.

If the event is canceled and no new date is set the deposit will be kept. If a decision is made later on to set a new date for the same calendar year and at the same venue the original deposit will go towards the new date. In this case I will need to be contacted at least one month prior to the new event date.
